Summary:

UI/UX Designer who translates complex ideas into clear, user-driven experiences. Designs structured user flows and high-fidelity interfaces in Figma with a strong focus on usability, visual consistency, and real-world application. My approach is rooted in product thinking, aligning user needs with business goals while keeping the user experience at the center and continuously improving to deliver purposeful, scalable design solutions.

Internships:

Track UI/UX Design, intensive training program (ITP), **Information Technology Institute (ITI)**, Ministry of Communication and Information Technology (MCIT), Aswan Branch. | JAN-2026

Work Experience:

Freelance UI/UX designer, Jan. 2026 – Present .”

- **Analyzed** user needs and business goals to create clear product structures and user experiences.
- **Developed** user flows, wireframes, and prototypes to define and improve the user journey.
- **Designed** responsive high-fidelity interfaces and scalable design systems using Figma.
- **Improved** existing products through better information architecture, visual hierarchy, and usability-focused redesigns.

Social Media Marketing Specialist Tourism Company , Mar. 2025 – Oct 2025.

- **Managed** and grew the company's social media platforms (Instagram, TikTok, Facebook, X).
